TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to C. S. BARRETT, Southern Passenger Agent, Postoffice Box 242, Chattanooga Tenn., or to the undersigned.

W B DAVENPORT,
General Ticket Agent, St. Louis.

THE EVENING POST has a fine city circulation and is, consequently, a first class advertising medium. Merchants take THE POST home to their families to read the news of the day, and is oft seen by most of the leading people of the city.

The Evening Post.

WILMINGTON, N. C.

Saturday, December 13th, 1873.

The Whipping Post.

In one of the Middle States on last Wednesday, four bank robbers were publicly whipped in accordance with the judgment of a court. The report says that a crowd of about two thousand persons were present, who were much disappointed because the lash was too lightly laid on. Nevertheless, they found some satisfaction in jeering the victims, who were much mortified thereat.

While offenders should be punished both as a matter of justice to themselves, and as an example to others, degradation should not accompany punishment except in cases where the criminals occupy official position. Delaware has no reason to be proud of the event which came off at New Castle on the 10th, and the sooner she abolishes the whipping post, the better for the reputation of her jurisprudence and civilization.

Beligerent Rights to Cuba.

Among the projects to realize the ultimate acquisition of Cuba by the United States, is to concede beligerent rights to the insurrectionists of that Island, who are in arms against the Spanish government. We say acquisition of Cuba, for it is our conviction that the exasperation against Spain is indissolubly twisted with a desire to possess the gem of the American seas. For those beligerent rights a preliminary step towards our conquest, the united voice of the people has gone to the Capitol. The introduction of resolutions looking to that recognition has taken place, and at the proper time the subject will be considered and disposed of.

War with the Spanish authorities of the Island, or a recognition of the insurrectionists, mean Cuban annexation, or a free Republic under the protection of the United States. It is undeniable that such a consummation is much to be wished. The civilized world knows that any government which is administered by civil authority would be preferable to the military force which now and for a long time past has controlled the Island. There ought not to be a person in this country so ignorant as not to know that the time for a final determination has come. The issue is fairly before Congress, and to ignore it would be to disappoint the hopes of every friend of humanity on earth.

EDITORIAL BUDGET.

— A woman in Paris went mad over the Shah. She fell in love with him at first sight, and because people told her it was doubtful whether the love was mutual, she became crazy.

— An English engineer, of large experience in the irrigating system of India, is preparing maps and plans for the irrigation of the California valleys, to be submitted to the next Legislature.

— Col. Hughes, the Republican candidate for Governor of Virginia in the late election, has been appointed by the President as Judge of the United States District Court, in place of Judge Underwood, deceased.

— A peculiar way of discharging printers exists in the Dayton (Ohio) offices. Each compositor has a nail to hang his coat on, and when the foreman concludes to dispense with the services of one of the hands, he takes a hammer and drives the nail to the head.

— We take it, from a very numerous item in our exchanges, that it is never safe for one to kiss one's wife with a lighted cigar in one's mouth, for the reason, perhaps, that it has a tendency to turn her love to ashes on her lips.

— The noble Anglo-Saxons own one-sixth of the earth, are themselves one-fifth of the world's population, and control one-half of its shipping. It may be added that they blow oftener into the muzzles of their guns, kindle more funeral fires with kerosene, and wear bigger buckles on their belts than any other race of people on the globe.

— Woman suffrage has now been tried in Wyoming Territory, for four years, long enough, it would seem, to give the experiment a fair trial. In a message to the Assembly, Gov. Campbell expresses his conviction that the measure has been attended only by good results. In short he prouonnces it "an unqualified success!" Such testimony is worth a ton of theorizing either pro or con.

NEW ADVERTISEMENTS.

Prospectus for 1874—Seventh year.

THE ALDINE,

An Illustrated Monthly journal, universally admitted to be the handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or Music Stores

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—done and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The wood cuts of THE ALDINE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscribers to THE ALDINE will at a trifling cost, enjoy in his own home the pleasure and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attraction any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in the White Mountins New Hampshire the other gives the Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves in a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

NEWARK, N.J., Sept 20th, 1873.

Messrs. JAMES SUTTON & Co.

Gentlemen,—I am delighted with the proofs the color of your chromos. They are wonderfully successful representation by mechanical process of the original paintings.

Very respectfully,
(Signed,) THOS. MORAN.

These chromos are in every sense American. They are by an original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. If no better because of all this they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilities of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold singly for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution possible.

If any subscribers should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos free.

For 50 Cents Extra, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificate is given, bearing the facsimile signature of JAMES SUTTON & Co.

OPERA HOUSE.—The attendance was t quite as large last night as the night fore. This is partially owing, we pre- me, to the fact that the programme ewed has been so recently performed ere. To-night is the Chapman's last ght, and we hope to see a good house.

THE Duprez & Benedict Minstrels, ho appear at the Opera House on next onday and Tuesday nights, are spoken f by our southern neighbors in terms f the highest praise. This combina- ion has played a most successful en- gement in New Orleans and other ities in the South, and this will be the ast opportunity offered in this city to ee them the present season.

THE TOWN CRIER.

— Mild.

— Gold is 110.

— Fair week is over.

— Where is the Virginius?

— Go to Church to-morrow.

— Very heavy dew last night.

—Oysters are plentiful, and good.

— Raleigh *News* got lost last night.

— There were 152 carts in market the past week.

— Our merchants look a little more smiling now.

— The river looks fine with so many vessels in port.

— The question now is, shall we have a new county or not.

— Last night of the Chapmans, go and have a good laugh.

— The Fair Ground looks like "a banquet hall deserted" now.

— Now is a good time to pay debts—if you only have the money.

— Sportsmen are having an unusually pleasant time for shooting and sailing.

— It was impossible for our reporter to bring a report of the races at the Fair Ground to-day in time for publication.

— The "strangers ball" last night was a decided success, and the management deserve great praise. It was a remarkably large and well dressed assembly. The dancing was kept up until an early hour this morning.

A live-stock dealer is purchasing rabbits at Chicago, to sell in San Francisco, when they will be exported to China, whose almond-eyed beauties will pay from $10 to $20 a pair for them, and make them fulfil the functions of pets, as American ladies do poodle dogs.

GOOD TIME.—Citizens purse at the race track yesterday—one mile dash:

Wynn Yancey & Co. bay colt Cad by, imported Warminster.

T. L. Emory, Brooks, 3 years old.

James Norwood, Jock Roulhac, 5 years, chestnut gelding.

Jock won the race. Time 1:53.

COLLISION.—A couple of the Knights who rode in the Tournay ring yesterday, gave their horses a little quick exercise last night on Princess street, when one of them came in collision with a colored man on a horse. Neither rider was hurt, though both horses were knocked down.

HO FOR THE WORK HOUSE.—Edward Johnson, Henry James and John Voss all colored, convicted at the last term of the Brunswick County Court of larceny, and sentenced to 12 months confinement in the Work House, were conveyed to their quarters this morning.

SERIOUS CONFLAGRATION.—The little town of Magnolia was visited by quite a serious conflagration this morning. The fire originated in the hotel kept by Mrs. Middleton, and succeeded in burning the hotel, Newberry & Hollingsworth's stores, the W. & W. R. R. office and warehouse and one or two small buildings which were in close proximity to the burned buildings. We could not ascertain the cause of the fire.

A HINT TO THE WORKING MAN,—A man with a family, however poor he may be, owes it to his wife to save her health and strength in every way possible. He has no right to allow the mother of his children to wear her life out toiling with her needle to clothe her family. His duty is to buy the New Elias Howe Sewing Machine, the best machine for family sewing ever invented, and he can buy one for sixty dollars. More than this, he can buy the Howe machine upon terms which enable him to pay for it in small monthly installments, that he can pay out of his wagers without feeling the drain. He will get thereby a machine capable of doing every variety of family work in the most beautiful manner, a machine that even a child can operate, and which will prove a permanent family blessing.

W. P. Goodrich offers the celebrated Machine on New York terms and prices at his office on Market street, near 3rd Wilmington N. C.

CHASED.—Last night a negro man stole an overcoat from the store of Mr. S. Levy, on the corner of Market and Front streets, and as he was making off with his booty was discovered with it under his arm, and was pursued by a crowd of volunteer officers until he got opposite the Clifford House, on Market street, when he preferred to try them on fence jumping, as he saw they were no where on a quarter mile heat. He succeeded in making good his escape, but during his run the coat was dropped and restored to its owner. During the run, one of the crowd who was pursuing him snapped a pistol at the thief several times, but fortunately it did not go off. Had the pistol discharged, we would in all probability had to report the wounding or killing of some pedestrian on the opposite side of the street.

TAKEN IN.—A. Mr. McKay, of Cumberland county, was victimized by a couple of swindlers yesterday, in a Water street bar, to the tune of $20.—Mr. McKay says the men had a tobacco pouch which they wanted to bet anybody in the house that he could not open. Mr. McKay, for some reason, opened his pocket book, when the men pulled the money out quickly, and handed it to the barkeeper to hold. The tobacco box men claimed that they had won the bet, and the money was handed over to them. Mr. McKay followed them out, hoping to find an officer, but before he had gotten far the barkeeper sent for him to come back, which he did. The swindlers got off with the money, and Mr. McKay thinks it was a put up job between the bartender and the blacklegs. A warrant was issued by the Mayor for the men, and also the bartender as a *particeps criminis*. The case will be investigated on Monday, and until then we will suppress the barkeeper's name, as we do not wish to do him an injury.

ROBBING THE U. S. MAIL—TRAP SET FOR THE ALLEGED ROBBER—FIVE THOUSAND DOLLAR BOND REQUIRED.—During the past six months one or two money packages have been stolen from the postoffice in this city, and our energetic and efficient Postmaster, Colonel Brink, was determined to catch the thief if possible. He had reason to suspect C. A. Hayne, and on the evening of the ninth he put five dollars in currency in a registered letter, and took a memoranda of the number, series and date of issue, and gave it to Hayne to carry out on the morning of the tenth. On the evening of the eleventh Hayne returned to the city. Col. Brink went to Agent Carroll, in the name of the mail service and requested him to go and get Hayne to change some money for him in order to get the bills, which he (Col. Brink) had placed in the letter.—Hayne changed the money and gave Mr. Carroll two of the identical notes which had been placed in the letter. Col. Brink and Mr. Carroll decided that it would be advisable to call in an outside party to hold the money and the memoranda; Dr. W. E. Freeman was requested to hold them. A warrant was issued yesterday by Squire Cassidey for the arrest of Hayne, and placed in the hands of officer Carr who arrested the alleged robber and placed him in jail to await an investigation before Squire Cassidey.

This morning the case had a hearing, when the defendant pleaded not guilty, but after hearing the evidence, which we have given above, Hayne was required to give a bond of $5,000 for his appearance at the next term of the U. S. Court of the Cape Fear District.—Hayne is a resident of Marion, S. C., and has been running as an agent on the W., C. & A. R. R. for the past six months.

— Miss Nilsson is said to be shocked at the discovery that she is getting fat; but she always had a winning weigh with her.

WHICH IS THE BEST!

Which is the *best* Sewing Machine, is a point on which different Companies differ, each, of course, thinks *its own* the best, but if the point were to be decided by *popularity* the Howe Machine would surpass all others. It is a noticeable fact that the Howe Company has

SIX HUNDRED THOUSAND

of their Machines in use although having existed but *six* years, while the Company which claims to have most in use, has only about *twice* that number, though having existed for *twenty* years.

Until the year 1866, ELIAS HOWE, JR., the

ORIGINAL INVENTOR OF SEWING MACHINES,

did not manufacture, but was content with receiving the royalty which all Sewing Machine Manufacturers had to pay him for the use of his Patents. A sample of each Machine was sent to Mr. Howe before a license could be obtained. Constant study upon them enabled him to avoid the defects of each and improve upon the excellences of all. This fact explains the

WONDERFUL DEGREE OF PERFECTION

to which Mr. Howe brought his latest pattern of Machine, without which advantages such a result could not have been achieved. These facts should be borne in mind by all who intend to purchase a Sewing Machine. As the purchase of a Machine may be the act of a lifetime with some, care should be taken to

PURCHASE ONLY THE LATEST AND BEST.

W. D. Goodrich,

On Market Street Near Third,

WILMINGTON, N. C.,

offers the Howe Machine on such *easy terms* that no one need longer have an excuse for doing without a Sewing Machine.

☞ No pains or expense spared to give thorough satisfaction to every customer.

Resolutions

Concerning Bridges over Wilmington and Weldon Railroad in the City of Wilmington, N. C,

WHEREAS, THE "CUT" MADE BY the Wilmington and Weldon Railroad Company in the construction of their Railroad, where the same crosses or intersects the streets in the city greatly impedes the passage of travellers and tends to the manifest injury of the citizens.

AND WHEREAS, The Board of Aldermen are advised that it is the duty of the said Wilmington and Weldon Railroad Company to erect and maintain bridges across such cuts where the same cross or intersect the streets in the city, therefore,

BE IT RESOLVED BY THE BOARD OF ALDERMEN, That in their opinion the public necessity demands the erection of bridges at the following points where the said Railroad intersects the following streets to wit; Second Street, Third Street, Fifth Street, Sixth Street, Seventh Street and MacRae Street.

RESOLVED, That in the opinion of this Board, the width of the bridges over said Railroad cut or excavation on Second Street should be thirty feet wide, on Third Street forty feet wide, on Fifth Street forty feet wide, on Sixth Street Twenty-five feet wide, on Seventh Street, twenty feet wide, on McRae Street twenty feet wide.

RESOLVED, That in the opinion of this Board, the Bridge known as Boney Bridge, where the Railroad crosses Fourth Street, is so narrow as to impede the passage of travellers on the same, and that a bridge of fifty feet wide would be necessary to accommodate the public at that point,

RESOLVED, That the Mayor cause a copy of these Resolutions to be served upon the President or Managing Agent of the Wilmington and Weldon Railroad Company, and that he direct the officer serving the notice to return a copy thereof, with the manner of service, to the office of the Clerk and Treasurer of the City.

The above Preamble and Resolutions were passed by the Board of Aldermen at their meeting November 21st, 1873.
